Cover for medical emergencies when travelling

The Core Series has five health plan options

There are differences in benefits as indicated below. The benefits not mentioned in the table are the same across all five options.

	Classic	Classic Delta	Essential	Essential Delta	Coastal
Hospital cover					
Hospital Network	Any private hospital	Private hospitals in the Delta Network	Any private hospital	Private hospitals in the Delta Network	Selected private hospitals in the four coastal provinces
Cover for healthcare professionals in hospital	200% of the Discovery Health Rate (DHR)		100% of the Discovery Health Rate (DHR)		

You get unlimited hospital cover

All Discovery Health Medical Scheme plans offer unlimited hospital cover. Your hospital cover includes the account from the hospital and the accounts from your admitting doctor, anaesthetist and any other approved healthcare professional.

Unlimited cover in private hospitals

For any planned or non-emergency admission you need to call us to confirm your admission.

The Delta options offer cover for planned admissions in a defined network. For planned admissions at hospitals outside the network, you will have to pay R7 100 of the hospital account. On the Coastal Plan, you must go to a hospital in one of the four coastal provinces for a planned admission. If you don't use a coastal hospital, we pay up to a maximum of 70% of the hospital account and you must pay the difference.

Discovery HomeCare – an alternative to a hospital stay

Discovery HomeCare is a unique home-based nursing service that offers you quality care in the comfort of your own home (see page 22).

Emergencies are covered in full

If you have an emergency, you can go straight to hospital. If you need medically-equipped transport, call Discovery 911 on **0860 999 911**.

How we cover your hospital and related accounts

We cover your hospital account from your Hospital Benefit.

Doctors, specialists and other healthcare professionals we have a payment arrangement with are covered in full for approved procedures in hospital. You benefit from access to the broadest range of specialists, which represents over 90% of our members' specialist interactions. If you use healthcare professionals that we don't have payment arrangements with, we will pay at the rate applicable to your chosen plan and you may have a co-payment.

Prescribed Minimum Benefit (PMB) conditions

.....

In terms of the Medical Schemes Act of 1998 (Act No. 131 of 1998) and its Regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions

To access Prescribed Minimum Benefits, there are rules that apply:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
- The treatment needed must match the treatments in the defined benefits.
- You must use designated service providers (DSPs) in our network. This does not apply in emergencies. However even in these cases, where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised.

If your treatment doesn't meet the above criteria, we will pay up to 80% of the Discovery Health Rate. You will be responsible for the difference between what we pay and the actual cost of your treatment.

What is an emergency

.....

An emergency medical condition, also referred to as an emergency, is the sudden and, at the time unexpected onset of a health condition that requires immediate medical and surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person's life in serious jeopardy.

An emergency does not necessarily require a hospital admission. We may ask you for additional information to confirm the emergency.

What is the Discovery Health Rate (DHR)

.....

This is a rate set by us at which healthcare services from hospitals, pharmacies and healthcare professionals are paid.

Suite of patient management programmes

DiabetesCare

Our DiabetesCare programme, together with your Premier Plus GP, will help you actively manage your diabetes. A Premier Plus GP is a network GP that has contracted with us on quality-based metrics.

The DiabetesCare programme is based on clinical and lifestyle guidelines. The programme gives you and your Premier Plus GP access to various tools to monitor and manage your condition and to ensure you have access to high-quality coordinated care.

You and your GP can track progress on a personalised dashboard displaying your unique Diabetes Management Score. This will help to identify the steps you should take to manage your condition and stay healthy over time.

The programme also unlocks cover for valuable healthcare services from healthcare providers like dietitians and biokineticists.

Any Discovery Health Medical Scheme member registered on the Chronic Illness Benefit for diabetes can join the DiabetesCare programme.

You must use a Premier Plus GP to manage your condition to avoid a 20% co-payment.

How to join

Speak to your Premier Plus GP or visit www.discovery.co.za to find a GP and get more information.

HIVCare

When you register for our HIVCare Programme, you are covered for the care that you need. You can be assured of confidentiality at all times. You need to get your medicine from a DSP to avoid a 20% co-payment.

Compassionate care

The Compassionate Care Benefit gives you access to holistic home-based end-of-life care up to **R52 750** for each person in their lifetime.

OncologyCare

If you're diagnosed with cancer and once we have approved your cancer treatment, you are covered by the OncologyCare Programme. We do not limit your cancer treatment costs. We cover the first R200 000 of your approved cancer treatment over a 12-month cycle in full. If your treatment costs more than the cover amount, you will need to pay 20% of the additional costs. Cancer treatment that is a Prescribed Minimum Benefit (PMB), is always covered in full.

All cancer-related healthcare services are covered up to 100% of the Discovery Health Rate (DHR). You might have a co-payment if your healthcare professional charges above this rate.

Advanced Illness Benefit

Members with cancer have access to a comprehensive palliative care programme. This programme offers unlimited cover for approved care at home.

Preventive screening is important to ensure that medical conditions are detected early

As a Discovery Health Medical Scheme member, you have access to screening and prevention benefits at any one of our wellness providers that cover the following:

Screening for kids

This benefit covers growth assessment tests, including height, weight, head circumference and health and milestone tracking at any one of our wellness providers.

How we pay

These tests and consultations do not affect your day-to-day benefits as they are paid from the Hospital Benefit. Consultations that do not form part of PMBs will be paid from your available day-to-day benefits.

You also get additional benefits that enhance your cover

International second opinion services

Through your specialist, you have access to second opinion services from Cleveland Clinic for life-threatening and life-changing conditions. We cover 50% of the cost of the second opinion service.

This cover is for a period of 90 days from your departure from South Africa. We may cover you at equivalent local costs for elective treatment received while outside of South Africa, as long as the treatment is readily and freely available in South Africa and it would normally be covered by your plan in terms of the Scheme Rules. Pre-existing conditions are excluded.

Frames and lenses

You can enjoy savings of 20% off frames and lenses at an optometrist in our network. Your discount is immediate at the point of sale.
